

Conquer all of your commercial lawn care jobs using one dependable brand.

THE CHALLENGE

Finding reliable mowing equipment makes a difference for businesses like Montemarano Landscapes.

Owner Dino Montemarano got his start in landscaping with some used equipment and a small book of clients. As he acquired his own accounts, his business quickly grew.

To handle the influx of new business, Dino realized he needed to graduate from used equipment to something new and dependable. Preferably equipment that:

- Could handle large commercial jobs.
- Had a solid reputation.
- Was easy to maintain and repair.

“Once we really began to grow, it became very important to figure out who we were going to work with and what their customer service was like.”

THE SOLUTION

Finding the perfect fit for a busy commercial mower.

On the hunt for the perfect partner (and great equipment), Dino found Ty Lisiecki. After chatting with Ty about his needs—which included replacing Dino's largest mower at the time—Ty recommended the Hustler brand. From there, Ty offered a demo of the Hustler Super 104, a wide-area mower with exceptional maneuverability that could cover a lot of ground quickly.

After watching a single demo, Dino purchased two of the mowers for his fleet. He'd been impressed by Ty's knowledge as well as his spirit of customer support. And, he loved that the Hustler mower:

- Offered a wide array of features that made mowing faster and more comfortable.
- Provided a clean, consistent cut week after week for his commercial clients.
- Came backed by Hustler's highly regarded reputation for producing quality equipment.

THE RESULTS

Montemarano Landscapes finds a lifelong lawn equipment partner.

Dino's partnership with Ty now spans 20 years, and he's a devoted fan of Hustler equipment. In addition to receiving fast, dependable maintenance on his equipment when it's needed, Dino shares that the customer service at Ty's Outdoor Power can't be topped. Both things Dino attributes to helping his business succeed.

Through his ongoing commitment to both Hustler and Ty's Outdoor Power, Dino has:

- Never faced an equipment interruption.
- Decreased the total time he spends on jobs.
- Continued expanding his client base.
- No difficulties with product longevity.

Buy a Brand You Can Trust

When it comes to residential or commercial mowing jobs, Hustler equipment simply can't be beat.

"Ty has been a great resource. I advocate for people to go see Ty and also to buy Hustler products. Between his customer service and the machine itself, you'll be very happy."
